### **Reminder**

#### **Green Café, the Art and Environmental Lecture and Film Series at the Kettle Pond Visitor Center Begins its Spring Season on January 29th, 2010 at 7:30 PM**

**On January 29th**, Green Cafe will present "A Sense of Wonder", a film about Rachel Carson's love for the natural world and her fight to defend it. Using many of Miss Carson's own words, Kaiulani Lee embodies this extraordinary woman in a documentary-style film. This film is an intimate and poignant reflection of Carson's life as she emerges as America's most successful advocate for the natural world. Janis Nepshinsky, USFWS Sense of Wonder Award Winner 2005, will introduce the film. "The more clearly we can focus our attention on the wonders and realities of the universe about us, the less taste we shall have for destruction;" Rachel Carson 1954.

The theme for the Spring Green Cafe is: Voices For the Earth. The series spotlights films, books, and environmental crusaders who are voices for the protection, and conservation and understanding of the earth and its creatures.

The Green Cafe, free to the public, is sponsored by the U.S. Fish and Wildlife Service and the Friends of the National Wildlife Refuges. All events take place from 7:30pm to 9:30pm on Friday evenings. For additional information please call Janis Nepshinsky at 401.364.9124, extension 28.
